With Ryegrass

Economy Lawn

A simple, quick growing and easy to establish seed mixture for back gardens, children's play areas or any non-prestigious sites requiring a reliable, hardwearing green cover as cheaply as possible.

Sow at 35- 50 grams per square metre between March and October.

	5.00 kg	*£20.96
	10.00 kg	*£31.00
60% Perennial Ryegrass	15.00 kg	*£46.50
30% Strong Red Fescue	20.00 kg	£51.60
10% Fine Leaf Fescue	25.00 kg	£64.50
	30.00 kg	£77.40

Quality Lawn

Our best lawn seed mixture containing the most desirable grass species for a very hardwearing front or back garden lawn. The seedbed should be created over well fertilised, free draining topsoil at a depth of 4-6 inches (minimum).

Sow at 35- 50 grams per square metre between March and October.

	5.00 kg	*£24.50
45% Amenity Ryegrass	10.00 kg	*£39.10
20% Smooth Meadowgrass	15.00 kg	£58.65
15% Chewings Fescue	20.00 kg	£69.60
15% Fine Leaf Fescue	25.00 kg	£87.00
5% Bentgrass	30.00 kg	£104.40

Shady Lawn

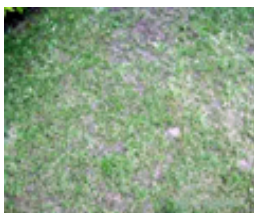

A reliable seed mixture for shaded lawns or grass areas adjacent to walls, fences, hedges or under trees. Whilst direct sunlight is not essential for good establishment the site must be light and airy.

Sow at 35- 50 grams per square metre between March and October.

	5.00 kg	*£28.30
20% Amenity Ryegrass	10.00 kg	*£39.40
35% Chewings Fescue	15.00 kg	£57.45
35% Fine Leaf Fescue	20.00 kg	£72.00
10% Bentgrass	25.00 kg	£90.00

Clover Lawn

Micro clover in a grass lawn can produce excellent ground cover which keeps good colour on poor quality or low fertility soils. The requirement of artificial fertilisers is removed resulting in an environmentally friendly front or back garden lawn. Sow at 35- 50 grams per square metre between March and October.

	5.00 kg	*£28.06
50% Amenity Ryegrass	10.00 kg	*£40.80
15% Smooth Meadowgrass	15.00 kg	£61.20
15% Fine Leaf Fescue	20.00 kg	£75.48
10% Chewings Fescue	25.00 kg	£94.35
5% Bentgrass		
5% Micro Clover	n/a	n/a

Without Ryegrass

Ornamental Lawn

A blend of the best fine leaf grass species to create a short, dense and compact turf. A must for the enthusiast wanting to establish a very high standard or 'show' type garden lawn from seed. Take time to prepare a clean, fine and firm seedbed. Sow at 35- 50 grams per square metre between March and October.

	5.00 kg	*£27.40
	10.00 kg	*£39.20
50% Fine Leaf Fescue	15.00 kg	£58.80
30% Chewings Fescue	20.00 kg	£72.20
20% Bentgrass	25.00 kg	£90.25
